Kitty

Kitty

By W. Somerset Maugham

Her happiness was almost as old as she was, and she had been a woman for well over twenty years. Her beauty was her own, not the result of any accidents of nature. She was not a beautiful woman, but she had a charm that made her unique. Her smile could light up a room and her laugh could make anyone feel welcome.

Kitty was a woman of simple tastes. She enjoyed good food and good wine, but she was never extravagant. She preferred the company of a good book to that of a large dinner party. Her love of quiet, simple pleasures was one of the reasons why she was loved.

Now oranges are in season. 她在果园

This is a wonderful time to visit the fruit orchard because the oranges are ripe and ready to be picked. It is the perfect time to enjoy the fresh, sweet taste of the oranges.

Kitty's world was her garden. She spent hours each day tending to her flowers and vegetables. She enjoyed the peace and quiet of her garden, and she loved the scent of the flowers and the sound of the birds singing.

Kitty was a woman of few words. She preferred actions to words, and she knew that the true value of a person lay not in what they said, but in what they did.

When Kitty died, she left behind a world that was richer because of her presence. She will be missed by all who knew her.
